Policy: The purpose of this this document is to set out the terms and conditions associated with employees driving their own vehicles for work purposes. This policy applies to all St. Joseph Academy employees using their vehicles for work.

Definitions, Responsibilities, Licensing and insurance

To make sure everyone has a common understanding, the following definitions apply:

1. Work-related driving is operating a motor vehicle in the course of your work, including driving to and from St. Joseph Academy work sites and offices, and work locations, as well as other driving approved by your manager. Work-related driving does not include commuting from your home to your primary workplace.
2. An employee-owned vehicle is a vehicle for which the employee is the registered owner or the sole signatory of a vehicle-lease agreement or a vehicle which is rented for such purposes.
3. An employee-owned vehicle must be insured **by the employee**. The recommended minimum automobile liability coverage for personally owned vehicles is bodily injury limits of \$100,000 per person or \$300,000 per accident; property damage coverage of \$100,000. The collision and comprehensive coverage is an option item by the owner. The Christian Brothers Risk Pooling Trust will only provide coverage in the event of a claim that exceeds the liability limits of the owner's policy.
4. Medical coverage for the medical expenses of all occupants in the vehicle is the responsibility of the employee owner and is required
5. The Christian Brothers Risk Pooling Trust provides coverage for all vehicles owned or leased by St. Joseph Academy. This includes Auto Liability for Bodily Injury and Property Damage and is in effect for all authorized drivers of Vehicles scheduled with the Trust.
6. Any employee authorized to drive on company business must have a valid driver's license issued from their state of residence. Obtaining a driver's license is a personal expense.
7. A copy of the employee's valid driver's license must be on file with the company

Driver Disqualifications

Employees may not qualify for driving on behalf of the company if during the last 36 months they:

1. Have been convicted of sale, handling or use of drugs or any other felony
2. Have been convicted of alcohol or drug related offenses while driving
3. Have their insurance cancelled, declined or not renewed by the insurer

4. Have their driver's license suspended or revoked
5. Have been convicted of 3 or more speeding violations
6. Have been convicted of 1 violation deemed serious by the company (such as DWI)

Review of Motor Vehicle Record

State Motor Vehicle Records (MVRs) will be used as the source for verifying driver history. MVRs will be obtained and reviewed annually. Every employee position with driving duties requires a satisfactory MVR. The MVR policy applies to drivers of St. Joseph Academy vehicles, vehicles rented for company business as well as for use of personal vehicles while on company business.

MVRs will be examined prior to the start of employment and annually thereafter. Qualified employees will be required to complete a Written Consent for Check of Driving Record form to initiate the MVR request.

Any job offer made to a candidate for a position with driving duties as an essential function of the position shall be informed that the job offer is contingent upon an MVR meeting the required standards. Continued employment in a position with driving duties as an essential function also requires a satisfactory MVR.

Personal Cars used While on Company Business

The employee is responsible for any liability for bodily injuries or property damage arising out of an accident occurring in connection with operation of their personal car while on company business. Violation of these rules may result in disciplinary action.
